

Necklace

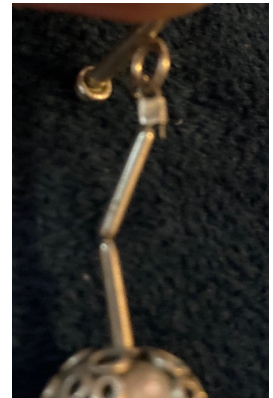

You will need: cord or wire, beads, a toggle clasp

Step 1: Select cord or wire

Step 2: Select beads

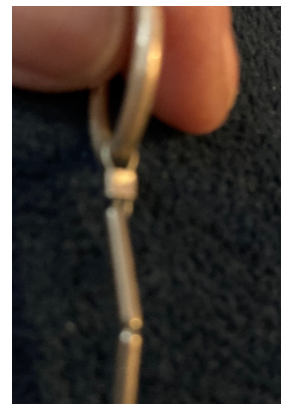

Step 3: Measure wire or cord (18, 24, 30 inches). Add 6 inches to attach toggle.

Step 4: Take the toggle end, and put wire through the small circle and fasten it with the little square crimp

Step 4: Attach beads to the wire.

Step 5: On the circular side, pass the same wire through the small circle and fasten it with the little square crimp to complete your necklace.

There are other choices for making necklace as well. These are what we are providing for beginners!
